

Monitoring the Pupil Premium and support for the disadvantaged for governors and trustees webinar

One of the most common areas for improvement in schools and academies is increasing the impact of the Pupil Premium grant. The gap for disadvantaged pupils has grown significantly during the pandemic.

This webinar provides guidance on the latest changes to the requirements for Pupil Premium Plans and practical guidance on the governance of the Pupil Premium, and ensuring you are effectively holding your school to account for the impact of the Pupil Premium and recovery funding.

The following will be explored:

- What is 'disadvantaged'?
- What should the Pupil Premium be used for?
- What does a good Pupil Premium look like?
- Expectations on utilising research and available resources to improve the impact of the Pupil Premium
- How to monitor all strategies for supporting disadvantaged pupils
- How to agree success criteria and hold to account for the Pupil Premium impact
- How to oversee value for money of the Pupil Premium fund

All delegates receive an electronic copy of the presentation and supporting materials and resources to help them be more impactful in their governance role.

Who should attend?

Governors or trustees who have responsibilities for Pupil Premium, or governors who want to understand more about governance of Pupil Premium and meeting the needs of disadvantaged pupils.

About our training

As experienced Chairs of Governors we strongly believe in providing training that gives you the knowledge, tools and examples to be effective governors. Our aim is to give you the confidence and tools to improve your governance as quickly and effectively as possible. All our training is provided by National Leaders of Governance who are experienced governance trainers. Our training can be provided as webinars, bespoke sessions for your board or group of schools or face to face sessions (subject to social distancing guidance).

About NLGs

National Leaders of Governance (NLGs) are experienced chairs of governing boards. All NLGs have been through a rigorous designation process from the National College of Teaching and Leadership (NCTL), a part of the Department for Education (DfE), to demonstrate that we have the skills, experience and attributes to be a National Leader of Governance. All NLGs are either actively chairing standalone schools or academies, local governing boards or multi academy trust (MAT) trust boards or have done so within the last five years. All NLGs are trained to support governors through mentoring and coaching and provide governance services which are quality assured.
